Use More Milk

Would You Improve the Health of Yourself and Family?

Then put into practice these suggestions, which any

physician or dietary expert will strongly endorse:

1. Cut down on the amount of eggs and meat you buy. Increase the quantity and variety of vegetables and cook them in Milk, serving the vegetables in their milk

2. Substitute MILK for tea and coffee. Also drink half a glass to a glass of Milk on rising and retiring.

Then you will fully understand why authorities counsel you to "Use More Milk."
